

Dunkys Day Nursery

Newsletter

May and June 2022

Baby room

Babies have all been focusing on lots of their individual aspirations and the staff are fully supporting them with this planning lots of fun activities. Staff will be sharing ideas and goals they are working on with your child so you can help and support them at home. The babies have really enjoyed being outdoors and have had lots of picnics making the most of the sunshine.

Toddlers Room

Toddlers have been really busy they have spent along time with Jo and Sarah in the sensory garden we have been turning over the soil and planting lots of seeds so we can start to use them in the nursery kitchen. They have been using all the natural resources in the mud kitchen and using the natural objects to mark make and create things to display such as twig mobiles, frames to put around our art work. Every day the children take a trip to the garden with the teachers to check on our plants to make sure they have had water and that they are growing well.

Toddlers have also enjoyed getting to know the new rabbits and take trips to preschool daily to check how they are.

Link Club

The children have welcomed Chip the hamster and have all really took on the caring role and help with the care needs of him daily. We have planned a fun and exciting holiday club programme and hope some of you will join us for sessions in May.

Preschool

Preschool have really embraced the weather and been accessing the garden space a lot; we love creating new spaces for the children to explore and they have come up with lots of fun and exciting ideas. The children have developed their fairy garden and been working hard in the mid kitchen, now that the warmer weather is on its way the children are looking forward to spending more time outside.

All our children have now been allocated their chosen schools for September and we look forward to helping them all get ready for this exciting new step in their lives, could you all please let us know which school your child is attending so we can make sure we send off transition documents in preparation for their new teachers.

Preschool have welcomed two new additions to nursery and these are our new rabbits Minnie and Mickey, both are settling well and adjusting to nursery life. The children have embraced their arrival of the rabbits and are all taking on a very caring attitude making sure they have food and water each day, that they get to spend time in the garden each day and that their hutches are clean and tidy. They children will be taking really good care of the bunnies each day.

Announcements:

Sadly we will shortly be saying good bye to Claudia from our out of school room, we will miss Claudia dearly but wish her well on her new adventure. We continue to look for someone to join our team but Laura White will be running the link club for the short term, along with Debbie Massey.

We are also hoping to welcome Janice back in the near future which we are super excited about. Helen is now on maternity following the safe arrival of her baby boy, Olivia Wright is covering her maternity leave.

Dunkys Day Nursery

Festivals and Events

I have emailed out now the new festivals and events for May- July 2022.

If you would like to book any additional sessions for your child please let me know and I can get this booked in for you.

I will also be sending out our Holiday club programme with lots of fun filled activities planned for the WHIT Half term.

Many Thanks

Happy Birthday

Everyone at Dunkys wishes you an incredibly Happy Birthday!!

This year we have chosen to support this amazing charity again, the work it carries out is invaluable to all the children and families that access this charity and we feel privileged to fund raise for them again this year.

Over the course of the year the nursery will be holding small events for which you can donate Money to this charity.

Do you have any ideas of an event you may like us to run??

We are hoping to hold our first event early March so please keep your eyes peeled for more information.

Many Thanks

We are asking kindly if all parents could write us a review on the day nurseries website. The day nurseries website is a tool that perspective parents will access and compare nurseries in their local area.

Reviews from yourself really help give them a true reflection and account of our nursery and staff and why you have chosen us over others you may have seen.

Your help and support are appreciated.

Many Thanks

Mickey is a Lion lop and he is 10 weeks old he really enjoys relaxing in his bed and watching the world go by. He is super soft with his long grey fur, he will need lots of brushing to stay super soft.

Thank you from the staff team at Sankey Dunky's
