Room Updates

Baby Room

Spring is in the air. We have been creating focus tuff trays for the children to explore, with different textures and themes and looking at families and familiar faces. Our focus for the next couple of months will be communication, books and singing, so the children can learn new words.

Toddler Room

Toddlers have been really focusing on exploring both indoors and outdoors and identifying similarities and differences. Our focus for the next couple of months will be on our positive affirmations and how being kind makes people happy. We will be celebrating, pay it forward day at the end of April. We will be making some positive messages for the people we love.

Preschool Room

Preschool have been exploring shadows and joined in with story telling and predicting what will happen.

We will be looking at the change in the season as we approach spring, we will be discussing what will be different during spring, and we will planting and looking after our vegetables and herbs in the planting area of our garden. Chef Lily will help us prepare them so we can eat them with our meals.
